

MACKLIN, SK

LOCAL MATTERS aims to bring you stories about the people and businesses in MANTL communities across Western Canada. If you have a business you'd like to showcase or know of one, please email localmatters@mantl.ca

WHAT IS THE HISTORY OF AL'S TRUCK SERVICE?

Al's has been around since the 1990's mainly focusing on the Macklin area. It was most recently purchased by Ryan Flegg and Taylor Gartner. Ryan has been a member of the Macklin community for over 20 years and Taylor was born and raised here. At Al's Truck Service, they offer complete rod side downhole services. From flush and seal changes, to rod repairs and diagnosis, they are a 1-stop shop for all your rod side downhole services.

WHY DO YOU THINK YOU'VE BEEN SUCCESSFUL?

"I think the main reason Al's has been able to stay successful and prominent in the area, is due to the fact that we remained focused on one area. We are a locally owned business so the best value we offer is the personal feel you get when working with us. You are not just a number or a paycheck, you're a neighbour, a cousin, a friend. This makes for long lasting and trusting business relationships."

"Donations are the easy part of helping. Volunteering your time is what builds communities"
- Ryan Flegg

AL'S TRUCK SERVICE

**4513 INDUSTRIAL PARK ROAD
MACKLIN, SK S0L 2C0**

WHAT DOES BEING LOCAL MEAN TO YOU?

Al's is a very common name to see on sponsorship boards and arenas around Macklin and surrounding areas. They sponsor everything from hockey to local school and town events. Currently, Ryan sits on the Macklin Lake Regional Board on behalf of the Macklin Golf association. "Local businesses are able to help the community on a personal level, much better than a larger company. Donations are the easy part of helping. Volunteering your time is what builds communities."
